Young Engineers March Break Camp

e² Young Engineers Camp is opening its doors to anyone who loves to experience, experiment, and have a ton of fun through Lego building.

Our camp participants will have experiential and challenging learning, with games and scientific experiments that visualize natural phenomena and the forces acting around them. Each day, participants will partake in a variety of diversely enriching activities across different science subjects. Likewise, the children will enjoy an educational experience.

e² Young Engineers Camps are unique and innovative and will provide their participants with an amazing time!

Meals

There are 2 options to choose from:

1. Campers could bring their own packed lunch + 2 snacks every day (All food items brought to camp must be nut-free!)
 - * Please note that refrigeration for lunches and snacks is not available to campers. Campers will also not have access to microwaves or vending machines.
2. Lunch can be ordered from the hotel at a rate of \$60/week.
 - Campers who order lunch should still bring a morning and an afternoon snack as lunch will be delivered at noon.
