He has worked in a range of good and outstanding schools and was formerly an advisor to Kent LEA and a Senior University Lecturer at Brighton, Cambridge and Canterbury Christ Church. He is a national trainer for Analyse School Performance and is currently supporting academy chains as an Improvement Partner on preparation for Ofsted and data strategy, as well as working with a range of alternative provisions. He is the co-creator of 'TEAM', the National Database for SEMH schools and PRUs and a national bench marking tool and progress model. Giles also sits on a Local Governing Body and is an experienced governor trainer, in addition to being a Governor Leadership Mentor for a DfE funded national programme.

- provide guidance for the new 2017 Dashboard
- show how strengths and weaknesses are highlighted and how to use the Inspection Dashboard effectively
