

The Minster Teaching School Alliance

PRIMARY MATHS NETWORK - NOTTS

The Maths Primary Network provides a strong and supportive professional learning community for those responsible for leading or delivering Maths in their school. This network is ideal for teachers who wish to work together to explore best practice in Maths education from a national and local perspective. It will provide the opportunity for professionals to collaborate and share strategies to improve outcomes and experiences for pupils of Maths in all schools. Alongside this the latest messages from the NCETM key national opportunities will be shared.

PROGRAMME

The network will develop across the year in response to changing local demands and the national scene in Maths. Key elements will include:

- Supporting the implementation of the new national curriculum
- Sharing active learning strategies and engagement
- Responses to national developments
- Ofsted updates
- Sharing good practice and networking with colleagues
